

Hedgehog Class - Term Three

Curriculum Map - Our topic this half term is
Scrumdiddlyumptious!

ENGLISH

All of our work this term will be based on the story 'Charlie and the Chocolate Factory' by Roald Dahl. We will read the text and answer questions based on what we have read using our VIPERS skills. We are going to look at the words Roald Dahl invented and try and write in his style. Additionally, we will be creating our own chocolate bar and write a persuasive letter convincing people to buy our chocolate bars! We will also write as a character from Charlie and the Chocolate Factory to produce a diary entry.

MATHEMATICS

This term we will be moving onto money. The children will be naming different coins and notes and begin to look at adding and subtracting money using real life scenarios. We will then begin the topic of time, learning to tell the time, understanding different times of the day, and how to change minutes to seconds. This also includes looking at days and weeks.

TOPIC

This term the children will be learning how to take care of our teeth and the effects high sugar diets can have on our teeth. We will experiment the effects sugary drinks can have on our teeth as well as how to have an interesting but healthy diet. We will be trying samples of fruits and vegetables so we can investigate them using our senses. Will we like everything we taste? We will try different types of bread, and maybe even bake our own. We will also learn about the fascinating discoveries made by the physicist James Lind.

ART/ DT

This term our work will support our topic of Chocolate. We will begin by using our creative skills to build up a picture of Loompaland, then set up an investigation to taste and evaluate different types of chocolate before moving on to designing our own chocolate bar packaging.

PSHE

This term our unit of work is "Healthy Me". We will be identifying what we need to do in order to keep healthy and look at strategies for keeping ourselves safe.

PE

In PE we will be linking actions and developing sequences of movements that express the children's ideas

PSHE/ Values

Our value this term is honesty. The children will be given opportunities to discuss the meaning of honesty and will be given guidance on ways of demonstrating how to be honest. We will discuss why it is important to be honest and the impact honesty has on our friendships.

RE

This term, we will continue with our topic of Light and Dark, looking in more detail at the ways in which Christians use light as a symbol and relating what we have learned from the Christian, Jewish and Hindu faiths to our own lives.
